

## **Stathis Tompaidis**

McCombs School of Business, Information, Risk and Operations Management Department  
University of Texas at Austin, Austin, TX 78712-1175  
512-471-5252, Stathis.Tompaidis@mcombs.utexas.edu

### **Appointments**

Chair, IROM department, McCombs School of Business, UT-Austin, 2019-  
Capitol City Savings Regents Professor, 2020-  
Jack S. Josey Professorship in Energy Studies Fellow, McCombs School of Business, UT-Austin 2018-  
2020  
Associate Director, Financial Markets, Office of Financial Research, 2015-2017  
Acting Associate Director, Financial Institutions and Risk Management, Office of Financial Research,  
2015-2017  
William R. Spriegel Centennial Fellow, McCombs School of Business, UT-Austin, 2014-2018  
Professor, IROM department, McCombs School of Business, UT-Austin, 2014-  
Professor (by courtesy), Finance department, McCombs School of Business, UT-Austin, 2014-  
Associate Professor, IROM department, McCombs School of Business, UT-Austin, 2006-2014  
Assistant Professor, IROM department, McCombs School of Business, UT-Austin, 1999-2006  
Lecturer, IROM department, McCombs School of Business, UT-Austin, 1997-1999  
Postdoctoral Fellow, Mathematics Department, University of Toronto, 1996-1997  
Postdoctoral Fellow at Institut de Recherche Mathématique de Rennes, 1995-1996  
Postdoctoral Fellow, Mathematics Department, University of Toronto, 1994-1995  
Scientific Director of RiskLab-Toronto, 1996-1997  
Visiting Scholar, Northwestern University, IEMS department, Fall 2012  
Visiting Scholar, Columbia Business School, Fall 2007  
Visiting Scholar, Fuqua School of Business, Duke University, Fall 2007  
Visiting Professor, Instituto Tecnológico Autónomo de México, 2003-2004

### **Education**

University of Texas at Austin, Ph.D., Physics, 1994  
Aristotle's University, Thessaloniki, Greece, B.Sc., Physics, 1989

### **Research Awards**

Research Excellence Award for Assistant Professors, McCombs School of Business, UT-Austin, 2004

### **Teaching Awards**

Honor roll – full-time MBA students, Spring 2007

Honor roll – MBA students in Dallas, Fall 2006

Honor roll – full-time MBA students, Fall 2005

### **Grants**

European Central Bank – European Systemic Risk Board, EMIR Bridge Programme for Data Science on the topic “The role of big data in informing macroprudential policies and risk management practice.” Project title “Central Clearing – Central Counterparties,” PI, 2019.

Real Estate Research Institute, “Determinants of Credit Spreads in Commercial Mortgages,” 2002, with Sheridan Titman and Sergey Tsyplakov

Real Estate Research Institute, “Pricing Commercial Mortgages,” 2001, with Sheridan Titman and Sergey Tsyplakov

National Science Foundation, co-PI, “Analysis and Simulation of Strategic Behavior and Price Processes in Transmission Constrained Electricity Markets,” 2000-2002, with Ross Baldick (PI) and Marty Baughman (co-PI)

SciComp Inc., “Efficient Numerical Methods for Derivative Pricing,” 1999, with Patrick Jaillet

Lower Colorado River Authority, “Risk Management in the Gas and Power Markets,” 1997, with Patrick Jaillet

Bank of Nova Scotia, “Estimation of Credit Risk for Interest-Rate Derivatives,” 1997, with Luis Seco

Bank of Nova Scotia, “Risk Management of Bermudan Swaption Portfolios,” 1997, with Luis Seco

### **Patents**

“Effect of Idle Time for Pricing Lease Contracts and Lease Contract Options,” with Christopher M. Kenyon, WO 2000043937 A3, priority date January 21, 1999, filing date January 11, 2000, publication date, April 12, 2001.

### **Courses Taught**

Statistics and Modeling (undergraduate)

Statistics and Modeling for Finance (undergraduate)

Real Options (undergraduate)

Crises and Regulations (undergraduate)

Statistics (MBA, MSF)

Business Analytics and Decision Making (MBA)

Case Studies in Financial Engineering (MBA)

Futures and Options (MBA)

Financial Modeling and Optimization (MBA)

Modeling and Analysis of Energy Projects: Exploration, Production, and Financing, (MBA)

Computational Finance (undergraduate, MBA, MSF, PhD)

Mathematics in Finance (PhD)

### **Doctoral students supervised (advisor or co-advisor)**

Rohit Arora, in progress.

Vishwakant Malladi, “Dependence in Operations: Modeling and Applications,” 2018, joint supervisor with Kumar Muthuraman. First position: Assistant Professor, Indian School of Business.

Chunyu Yang, “Functional Approximation Methods for Solving Stochastic Control Problems in Finance,” 2010. First position: Morgan Stanley. Current position: Associate Professor of Finance, BI School of Management, Oslo, Norway.

### **Department, School, and University Service**

Chair, IROM department, UT Austin, 2019-

*As the chair of the department I head the department’s executive committee; provide input to the College and the University in promotion and post-tenure review cases; head recruiting efforts; assign on-load and off-load teaching duties for all tenure track and non-tenure track faculty; supervise offerings of traditional face-to-face courses, as well as synchronous and asynchronous online courses; supervise the undergraduate majors and minors in Management Information Systems, and Supply Chain Operations Management and the minor in Risk Management; and supervise the MSc programs in Business Analytics and Information Technology Management. My main priority is to introduce a new undergraduate major in Business Analytics with input from the department, the College, and the University.*

Graduate Education Task Force, UT Austin, 2019

*The Graduate Education Task Force is a University-wide committee with the goal of improving graduate education across the University. As a member of the task force, I helped analyze data and prepare a report providing recommendations to all departments.*

Graduate Advisor, IROM department, 2017-2019

*As the graduate advisor, I headed the Graduate Studies Committee, reviewed the PhD program offerings and requirements, coordinated admissions of PhD students, nominated students for fellowships and monitored student progress and placements. To help improve recruitment, I introduced an annual department open house to attract new PhD students.*

Dean's Faculty Advisory Committee, 2013-2014

*As a member of the committee, I provided feedback to the Dean regarding various schools initiatives.*

IROM Executive Committee member, 2009-2011, 2017-2019

*As a member of the executive committee, I participated in merit reviews, and promotion and hiring decisions. I also provided feedback to the department chair regarding various departmental initiatives.*

Undergraduate Programs Committee member, McCombs School of Business, 2010-2011, 2017-2019

*As a member of the committee, I helped review proposed changes to the undergraduate program – in particular the introduction of a new quantitative, core, curriculum for all undergraduate business students.*

### **Other Service – Office of Financial Research**

*Between June 2015-May 2017 (24 months), I was on detail at the Office of Financial Research, a federal agency in Washington D.C. I was the Associate Director for Financial Markets and the acting Associate Director for Financial Institutions and Risk Management. I was the head of a team of 20 researchers with PhDs in economics, finance, mathematics, statistics, engineering, and computer science, conducting research in various topics in Financial Stability, including Central Clearing, Asset Management, Stress Testing, Networks, etc. In addition, my responsibilities included supervising and mentoring all team members, and representing the agency nationally (at the Financial Stability and Oversight Council) and internationally (at the Over-the-Counter-Derivatives Regulatory Forum).*

### **Professional Activities**

IISE Transactions, Operations Engineering & Analytics, Associate Editor, Financial Engineering, 2020 –

Management Science, Associate Editor, Finance, 2018 –

Co-chair of National Science Foundation Panel on BIGDATA applications to systemic risk, co-sponsored by the National Science Foundation and the Office of Financial Research, 2015, 2016

Co-organizer with Kumar Muthuraman, “2nd Texas Quantitative Finance Festival,” Austin, October 25-26, 2013.

Guest Editor, Special issue on Computational Methods, International Journal of Theoretical and Applied Finance, volume 14, number 3, May 2011

Cluster co-chair, “Quantitative Finance,” 12 sessions, with Kumar Muthuraman, 2011 Annual INFORMS meeting.

Cluster chair, “Quantitative Finance,” 12 sessions, 2010 Annual INFORMS meeting

Co-organizer with Kumar Muthuraman, “Texas Quantitative Finance Festival,” Austin, November 6, 2010.

Co-organizer with Luis Seco, Workshop on “Mathematical Physicists in Finance and Industry,” Centre de Recherches Mathematiques, Montreal, June 12-17, 2000.

Co-organizer with Stamatia Dostoglou, Meeting on “Mathematical and Computational Finance,” Columbia, Missouri, May 19-21, 2000.

Organizer, Workshop on “Mathematical and Computational Finance,” Austin, Texas, October 7-8, 1999.

## Papers (by topic)

### Quantitative Finance and Risk Management

1. Kenyon, C., Tompaidis, S., "Real Options in Leasing: the Effect of Idle Time," *Operations Research*, vol. 49 (5), 675-689, (2001)
2. Manoliu, M., Tompaidis, S., "Energy Futures Prices: Term Structure Models with Kalman Filter Estimation," *Applied Mathematical Finance*, vol. 9 (1), 21-43, (2002)
